MEDIA ADVISORY

SEDFA and FNB to Visit Successful Khula Credit Guarantee Scheme R8.9 million Agricultural Project in Limpopo

The Small Enterprise Development and Finance Agency (SEDFA), through its subsidiary, the Khula Credit Guarantee Scheme (KCG), will visit the R8.934 million Makgoba Trust and ZZ2 agricultural project in Mooketsi, Tzaneen, Limpopo.

The visit will showcase one of KCG's successful agricultural financing partnerships, delivered in collaboration with First National Bank (FNB). Through the Khula Credit Guarantee Scheme, SEDFA provided a partial credit guarantee that enabled the Makgoba Trust to access finance from FNB, while ZZ2 serves as the commercial partner supporting the project.

The partnership has created opportunities for beneficiaries of the Makgoba Trust and demonstrates how public-private collaboration can unlock access to finance for emerging agricultural enterprises that would otherwise struggle to secure funding due to limited collateral. The project supplies high-quality agricultural products, including avocados, to international markets, including Europe.

The visit will commence at 12:00 at the Krabbefontein Coffee Plantation, followed by visits to:

- Phase 1 Avocado Plantation;
- Phase 2 Avocado Expansion Plantation;
- ZZ2 Head Office in Mooketsi; and
- ZZ2 Packhouse in Mooketsi.

The programme is expected to conclude at approximately 17:00.

The visit will highlight how targeted credit guarantees can help small agricultural enterprises.

The delegation will include SEDFA Board Members led by the Interim Chairperson, Mr Pat Makape, SEDFA executives, representatives from FNB, and members of the Makgoba Trust.

Members of the media are invited as follows:

About the Khula Credit Guarantee Scheme

The Khula Credit Guarantee Scheme (KCG), a subsidiary of the Small Enterprise Development and Finance Agency (SEDFA), provides partial credit guarantees to financial institutions to fund micro, small and medium enterprises (MSMEs) and cooperatives that lack collateral, which would otherwise prevent them from obtaining funding.

The scheme operates as a risk-sharing facility with Partner Financial Institutions (PFIs), including commercial banks, non-bank financial institutions, corporate Enterprise and Supplier Development (ESD) programmes, and providers of incidental credit. Through these partnerships, KCG finances MSMEs and cooperatives seeking to start, acquire businesses, expand or sustain their businesses while contributing to economic growth, job creation and enterprise development.
