### TERMS OF REFERENCE/ SPECIFICATION

#### 1. PURPOSE

- 1.1 The purpose of this Request for Quotation (RFQ) is to appoint a service provider to conduct Occupational Health and Safety training interventions for **Sedfa** representatives (nationally).

#### 2. PROJECT BACKGROUND

- 2.1. Training employees on Occupational Health and Safety (OHS) is essential to fostering a safe, legally compliant, and productive work environment. Through this intervention, employees will gain key skills including hazard identification, risk assessment, emergency response, safe handling of equipment, and understanding of applicable health and safety legislation. These competencies will empower staff to proactively prevent workplace incidents and respond effectively to potential risks.
- 2.2. The benefits of OHS training include a measurable reduction in work-related injuries and illnesses, enhanced employee awareness and confidence, improved regulatory compliance, and the promotion of a strong safety culture within the organisation. For **Sedfa**, this translates into fewer operational disruptions, lower insurance and medical costs, reduced legal and reputational risks, and improved staff morale and performance.
